

Angelito – 8 days B

Great value, first class service, excellent itinerary, captained by owners, light airy interiors. Launched in 1992 and loving run by a Galapagos family, Angelito I is an excellent option within her price category. Tourist superior, but first class service. Very charming, and whilst not the sleekest of yachts, the Angelito has been designed to have very light interiors, with large picture windows and lots of space on deck for relaxing both in the sun and in the shade. They also work with superb naturalists.

The western islands have a pristine untouched quality, which is most evident as you sail along the western coast of Isabela and through the narrow Bolivar Channel separating the Island from Fernandina. The western islands receive a double dose of upwelling (from both the Humbolt and Cromwell Currents) and as a result there is cool nutrient rich water, which makes for abundant marine life, in the form of colonies of Penguins, Flightless Cormorants, Marine Iguanas, Dolphins and Whales. Going on deck at night and seeing the large bioluminescent particles is a quite an experience.

Day 1 **Baltra** Arrival at the airport in Galapagos.

Santa Cruz - Bachas Beach A beautiful white sandy beach punctuated by lava formations. The wonderfully soft sand here makes it a favourite site for nesting Sea Turtles. Here you will also see White Mangroves, one of the four mangrove species found in the Galapagos. There is a small coastal lagoon behind the sand dunes where Flamingos, Stilts, Pintail ducks and other water birds are regularly seen.

Activities: Walking along the beach, swimming, snorkelling. **Difficulty:** Easy
Type of Landing: Wet landing
Highlights & Animals: World War II remnants, Sally Lightfoot crabs, Hermit Crabs, Black Necked Stilts, Whimbrels, Flamingos, Sea Turtles

Day 2

Mosquera This tiny islet, nestled between Baltra and North Seymour islands is a beautiful long narrow beach with a large population of Galapagos Sea Lions. As with other areas in Galapagos this area has been geologically uplifted. A great opportunity for swimming and snorkelling off the beach.

Activities: Wet landing. Short walk along the beach (0.5 Mi). Snorkel.
Difficulty: Easy
Type of Landing: Wet landing
Highlights & Animals: Galapagos Sea lion colony, Lava Gulls, Herons. Snorkel: Sharks, Rays, Parrotfish, Angelfish

Santa Cruz – Cerro Dragon or Dragon Hill After a dry landing, the walk will take you along the edge of a salt water lagoon behind the beach where you can often see Flamingos, Pintail Ducks, Common Stilts and other bird species. A short walk inland, offers a great view of the bay and a nesting site for Land Iguanas, many of which were repatriated back to Cerro Dragon by the Charles Darwin Research Station, after their near-extinction due to feral dogs and cats.

Activities: Hiking 1.5 mi. Snorkelling
Difficulty: Moderate
Type of Landing: Dry landing
Highlights & Animals: Coastal lagoon with variety of water birds: Herons, Stilts, Pintail Ducks, Oystercatchers, Flamingos. Giant Cactus, Land Iguanas, Darwin Finches, Mockingbirds. Snorkel: Parrotfish, Puffers, Snappers, Sea Turtles.

Day 3

Isabela Measuring over 1800 square miles, and accounting for over half the land surface area in Galapagos, at about 80 miles in length, the seahorse shaped Isabela Island is the largest in the Galapagos. Isabela is formed from six separate volcanoes (Alcedo, Cerro Azul, Darwin, Ecuador, Sierra Negra and Wolf). Being the largest islands, it has many visitor sites, covering a large diversity of ecosystems, from barren lava flows to evergreen lush forests.

Tagus Cove The walk will take you up the slopes of the Darwin Volcano, along the edge of a salt water lagoon to a small hill from which you will see spectacular views of the northern lava fields of Isabela. Most of the fauna will be observed during a dinghy ride along the coast, with dramatic colours and beautiful tuff formations, Blue-footed Boobies, Penguins, Marine Iguanas, Pelicans and shorebirds.

Activities: Long uphill hike, Snorkelling, dinghy ride, Kayak.

Difficulty: Moderate

Type of Landing: Dry landing

Highlights & Animals: Darwin Finches, lowland native vegetation, beautiful landscapes, Penguins, Flightless Cormorants, Blue-footed boobies, Darwin Volcano & Lake

Punta Espinosa Punta Espinosa, is a truly spectacular visitor site and a real highlight for any visitor to the Galapagos. A narrow strip of land extending out from the base of the Fernandina Volcano, it is home to the largest colonies of Marine Iguanas in the Galapagos. You will also have the chance to see Flightless Cormorants here, sea lions, and Galapagos Hawks often perch on the mangrove trees looking for prey. Along the coast, tidal pools provide a perfect environment for invertebrates and shorebirds, such as Oystercatchers, Plovers, Turnstones and Whimbrels.

Activities: Hike of approx (1.2 mi / 2 km). Snorkel.

Difficulty: Moderate

Type of Landing: Dry but sometimes slippery at low tide

Highlights & Animals: Sea Lion colony, Flightless Cormorant, vast numbers of Marine Iguanas, Sea Turtles, Sally-lightfoot Crabs, shorebirds, Herons. Snorkel: Penguins, Marine Iguanas feeding underwater, Cormorants, Sea turtles.

Day 4

Urbina Bay In 1954, almost 4 miles of coastal seabed dramatically uplifted about 15 ft exposing the sea floor and killing thousands of fish and turtles. This then, vegetation has largely colonized the area but many signs of the uplifting can still be observed. This area is now a nesting site for Land Iguanas and occasionally, giant tortoises coming from the moist uplands. This is a good trail to see Darwin finches and it is not rare to see Galapagos Hawks

Activities: Snorkelling, dinghy ride & hike, 2 trails: short (0.6 mi / 1 km), long (1.9 mi / 3km)

Difficulty: Easy (short trail) / Difficult (long trail)

Type of Landing: Wet landing

Highlights & Animals: Land Iguanas (the biggest in Galapagos), Hawks, uplifted coral reef, Giant Tortoises. Snorkelling: Turtles, Rays, tropical fish

Elizabeth Bay Located on the west coast of the Isabela, no landings are permitted here, but it makes for a beautiful dinghy ride. This is one of the best areas to see Galapagos Penguins as they prefer the cooler waters found on western Isabela. Flightless Cormorants and Marine Iguanas are common and often seen basking in the sun on rocks along the shore. As you then enter a narrow cove lined with large Red Mangrove trees, you will see Marine Turtles, Rays and shore birds.

Activities: Two-hour dinghy ride

Difficulty: Easy

Type of Landing: No landing

Highlights & Animals: Mangrove forest, Sea Turtles, Penguins, Rays, Herons, Sea Lions.

Day 5 Punta Moreno With dramatic seascapes and one of the best sunrise areas in the Galapagos, the visit to this site begins with a dinghy ride along the beautiful rocky shores where shore birds, Penguins, cormorants and herons can be spotted. The barren lava fields host a surprising amount of wildlife due to the presence of many sink holes which are home to Flamingos, Stilts and Pintail Ducks.

Activities: Hike (1.2 mi / 2km) Snorkelling, dinghy ride

Difficulty: Moderate/Difficult

Type of Landing: Dry landing

Highlights & Animals: Flamingos, Gallinules, Pintail ducks, Sea turtles, Reef sharks, Penguins.

This afternoon you will navigate to Villamil for whale watching.

Day 6

Sierra Negra Volcano This volcano on Isabella Island has one of the largest caldera's in the world measuring over 6 miles across. After a 30 min drive from the town, you will hike for 1 hour to get to the rim of the caldera and for a total of 4 hours (round trip) to Volcan Chico, a set of spatter and cinder cones created in 1979. Along the way you will usually see Vermillion Flycatchers, Galapagos Martins, and Galapagos Hawk. All along the way you will be rewarded with incredible panoramic views of Sierra Negra.

Activities: Hiking, horseback riding.

Difficulty: Moderate/Difficult

Type of Landing: Dry landing

Highlights & Animals: Large caldera, stunning views, Darwin finches, Galapagos hawks.

Day 7

Floreana - Punta Cormorant At Punta Cormorant you will walk on an olivine beach (a mineral known for its olive-green quality, that is found in meteorites, the moon and mars as well as on earth), visit a large lagoon where Great Flamingos sometimes nest, and walk over to Flour Beach, a beautiful white sandy beach to look for Green Sea Turtle nests.

Activities: Hike (1.2 mi/2km)

Difficulty: Easy

Type of Landing: Wet landing

Highlights and Animals: An easy walk along a coastal lagoon where Flamingos are often found, along with Stilts and Ducks. White sand beach.

Floreana – Devil's Crown One of the highlights of this area is snorkelling at Devil's Crown, a partially submerged crater teeming with Parrotfish, Wrasse, Surgeonfish, and Damselfish among many other varieties of tropical fish.

Activities: Snorkel

Difficulty: Moderate. Strong current

Type of Landing: No landing

Highlights and Animals: One of the best snorkelling sites in the islands, but a strong current can be a challenge for very inexperienced divers. Sea Lions, Reef Sharks, Sea Turtles, Hammerhead Sharks, Rays, many fish.

Floreana - Post Office Bay The famous Post Office Bay is where people leave their mail to be picked up and delivered by others in the “post office” barrel—a time-honoured tradition begun by whalers more than two hundreds of years ago.

Activities: Short hike (less than 0.2 mi / 0.3km), lava tunnel & snorkelling

Difficulty: Easy

Type of Landing: Wet landing

Highlights: Barrel Post Office, lava tunnel inland (difficult access), nice sandy beach

Day 8

Daphne Major A panoramic trip around this small islet which is located between Santa Cruz and Santiago Island, which has spectacular bird watching as well as being a scientific research site. A select handful of scientists have studied for decades the evolution of finches on this island and this islet has become famous after many publications how evolution works in real time. No landing here allowed as it is very fragile, but you can see them from the vantage points on the yachts decks.

Activities: No landing. Boat tour around island.

Difficulty: Easy

Type of Landing: No landing

Highlights & Animals: Nazca Boobies, Tropicbirds, Frigatebirds, great scenery. Snorkel

From here you return to Baltra for your flight back to mainland Ecuador or you can extend your Galapagos trip with a stay on one of the inhabited islands.

Please note: *Itineraries are unlikely to change significantly but are subject to change. Weather, wildlife breeding, instructions from the Galapagos National Park, specific abilities and interests of passengers as well as operational matters may cause your guide or captain to change the times or nature of your visits. Your guide will always endeavor to have the best itinerary for you within these constraints.*
