

Beagle – 8 day Central and Southern

Named after the HMS Beagle in which Charles Darwin made his famous voyage to the Galapagos, this is a magnificent 105 foot steel-hulled schooner with teak decks and real charm. The yacht, which is often captained by its owner, has good sized ensuite cabins, a comfortable salon, delicious Ecuadorean cuisine and superb service. The wide teak decks and comfortable seating give a choice of shady nooks or open spaces for relaxing in the sun, bird-watching or observing dolphins off the bow. Given her size, which is for only 13 guests (ie 12 pax plus tour leader) the Beagle provides a very intimate experience with nature and makes her a great choice for private parties or family cruises. Built in Woolwich, England in the 1970's the yacht was totally refitted in 2004 and has been awarded the SmartVoyager Certificate for adherence to sound conservation practices. 6 double cabins, 1 single cabin all private bathrooms and air-conditioning.

Day 1

Baltra Arrive at the airport in Galapagos where you will be met by the crew.

Santa Cruz - Charles Darwin Research Station The Charles Darwin Research Station offers a great chance to learn about the work being done to conserve and protect the islands wildlife. For some visitors (depending on the time of year) this is the only time to see Giant Tortoises and certainly the closest range opportunity. It is also a great chance to see the Tortoise Rearing Centre.

Activities: Walking

Difficulty: Easy

Type of Landing: Dry landing

Highlights & Animals: Giant Tortoises, Land and Marine Iguanas, Mockingbirds, Darwin Finches.

Day 2

Floreana – Puerto Velasco Ibarra Puerto Velasco Ibarra is a small town of about 60 people. From here you travel up to the highlands of Floreana where you will see the contrasting lush vegetation, with beautiful forests of Scalesia (Giant asters). Near the only fresh water spring on Floreana, (which was used for centuries by pirates, whalers and travellers), there is a corral where a collection of giant tortoises are kept in near-natural conditions. This is also the place where you can see the Medium Tree Finch and the chance to explore some caves that were dug out by pirates.

Activities: Bus ride to the highlands and hike (less than 0.6 mi / 1km), to fresh water spring and tortoise corral

Difficulty: Easy

Type of Landing: Dry landing

Highlights: Lush highland vegetation, Land tortoises, Medium tree-finch,

Floreana - Punta Cormorant

At Punta Cormorant you will walk on an olivine beach (a mineral known for its olive-green quality, that is found in meteorites, the moon and mars as well as on earth), visit a large lagoon where Great Flamingos sometimes nest, and walk over to Flour Beach, a beautiful white sandy beach to look for Green Sea Turtle nests.

Activities: Hike (1.2 mi/2km)

Difficulty: Easy

Type of Landing: Wet landing

Highlights and Animals: An easy walk along a coastal lagoon where Flamingos are often found, along with Stilts and Ducks. White sand beach.

Day 3

Española (Hood) This island is one of the highlights of any visit to Galapagos. Espanola is the southernmost island in the Galapagos, and is also one of the oldest. Numerous Sea Lions are seen here, plus hundreds of Marine Iguanas basking on the rocks. Espanola's Marine Iguanas are unlike other Galapagos Marine Iguanas thanks to their bright colouring.

Espanola is home to thousands of nesting seabirds all year, including Blue-footed Boobies, Nazca Boobies and Frigatebirds. Between late March and December the Waved Albatross, perhaps the most spectacular of Galapagos birds, returns to Espanola by the thousands to perform their amazing mating dance and produce the next generation. Almost the entire population breeds on this island during this time, and they spend the rest of the year at sea.

Punta Suárez Regarding the amount of wildlife, this one of the best trails in the whole islands. Despite the difficult terrain, the walk is an absolute marvel, as from the beginning to the end you will see large quantities of Sea Lions, Marine Iguanas, Blue-footed and Nazca boobies, gulls, Galapagos Hawks and during most of the year, Waved Albatross. There are spectacular views of flying birds from the cliffs.

Activities: Hike (1.9 mi / 3 km)

Difficulty: Difficult, rocky terrain.

Type of Landing: Dry Landing

Highlights & Animals: Española Mockingbird, Nazca Boobies, Waved Albatross, Red-billed tropicbirds, lava lizards, Galapagos Hawk, Blue-footed Boobies, blow hole, amazing landscape.

Gardner Bay This beautiful bay is nestled between Gardner islet and the beautiful coral sand beach in Española. You will visit a spectacular white sand beach, home to one of the largest Sea Lion colonies in the islands, where you can also see endemic Española Mockingbirds and with some luck, Galapagos Hawks.

Activities: Snorkelling and kayaking. Short hike along the beach (0.6 mi / 1km)

Difficulty: Easy

Type of Landing: Wet landing

Highlights & Animals: White sandy beach, Sea Lion colony, Mockingbirds Galapagos Hawks. Snorkelling: colourful fish, Sea Lion nursery.

Day 4

San Cristobal – Punta Pitt Located in the northwest of the island, this is a large eroded tuff cone with dramatic volcanic scenery and is home to a large colony of Sea Lions, as well as a few Red-footed Boobies, Blue-footed Boobies and Nazca boobies.

Activities: Uphill hike (1.5 mi / 2 ½ km), dinghy ride, snorkelling, kayaking.

Difficulty: Moderate/difficult

Type of Landing: Wet landing

Highlights & Animals: Wonderful landscape, Sea Lion colony, three possible species of Boobies. Snorkel: tropical fish, Sea Lions.

San Cristobal - Isla Lobos A perfect place to swim with playful Sea Lions and snorkel. This basalt island outcropping lives up to its name of “Sea Lion Island”. As well as the Sea Lion colony on the beach it is also a nesting place for Blue-footed Boobies.

Activities: Hike (0.5 mi / 0.8 km), dinghy ride, snorkelling

Difficulty: Short but difficult walk.

Type of Landing: Dry landing

Highlights & Animals: Sea lion colony, shore birds, seasonal nesting Frigatebirds, Darwin finches. Snorkelling: Sea lions, fish.

Day 5

Santa Fe This is the oldest of the Galapagos islands. Its paradisiacal bay offers great possibilities to swim and snorkel in crystal clear waters. A hike inland offers a great chance to see a species of Land Iguanas (*Conolophus pallidus*) which is endemic to Santa Fe Island. In the same area you'll also see a forest of giant prickly pear cactus. After your visit you can swim and snorkel both inside and outside the bay.

Activities: Hiking, Snorkel

Difficulty: Moderate

Type of Landing: Wet landing

Highlights: Santa Fe Land Iguanas, Sea Lion colony, Galapagos hawks, Mockingbirds, giant prickly pear cactus (the tallest in Galapagos). Snorkel: Sea Lions, Reef Sharks, Parrotfish, Surgeonfish.

South Plaza is the best island for observing Land Iguanas, along with Cactus Finches, Tropic Birds and Sea Lions. One of your first stops will be through a small "forest" of Prickly Pear Cactus. The walk along the sea cliffs is a wonderful experience, with Galapagos Shearwaters and Red-billed Tropicbirds gliding by. Towards the end of the walk is a bachelor Sea Lion colony, with a battle-scarred collection of old bulls in various states of recuperation or total retirement!

Activities: Hike (1.5 mi / 2 ½ km)

Difficulty: Moderate

Type of Landing: Dry landing

Highlights & Animals: Land Iguanas, Sea Lion colony, Galapagos Shearwaters, Swallow-tailed Gulls, Nazca Boobies, amazing landscape with cliffs

Day 6

North Seymour A great variety of Galapagos wildlife is provided in the loop trail on this small island. The highlight of your visit here will be the largest colony of Magnificent and Great Frigatebirds in the Galapagos as well as a colony of Blue-footed Boobies. In addition there are Sea lions, Marine Iguanas, Lava Lizards, Swallow-Tailed Gulls, and a few secretive, but very large Land Iguanas.

Activities: Hiking(1.5 mi/2.2 km), Snorkelling & dinghy ride

Difficulty: Moderate/difficult

Type of Landing: Dry landing

Highlights & Animals: Land & Marine Iguanas, Frigatebirds, Blue-footed Boobies, Sea Lions, sea birds. Snorkelling: Rays, Reef Shark, fish, Garden Eels

Bartolome Home to one of the most iconic scenery shots of Galapagos, this small island is located off the eastern shore of Santiago Island. The striking volcanic landscape looks almost lunar and provides a great introduction to the volcanic origins of the islands, with spatter cones and cinder cones some of which are eroded shaping striking formations like Pinnacle Rock. On the way to the top of Bartolome you will observe good examples of pioneering plants, including some beautiful strands of lava cactus. At sea level, this is a great place for swimming and snorkelling, if you are lucky with Galapagos Penguins.

Activities: Dinghy ride & snorkelling. Hike uphill (1.2 mi / 2 km)

Difficulty: Moderate/ difficult. Walk up to the top of volcano 114 meters, 375 wooden steps.

Type of Landing: Dry and wet landing

Highlights & Animals: Pinnacle rock, panoramic view, moonlike landscape, Penguins, pioneer plants, lava cactus. Snorkelling: Penguins, Reef Sharks, Rays great colourful fish.

Day 7

Chinese Hat or Sombrero Chino Located just off the southeast tip of James Island, this island owes its name to its shape. A truly beautiful island, surrounded by crystal clear waters, this is great location for Sea Lions. Perhaps more than any other site, this islet gives you a sense of Galapagos volcanic origins as the beautiful white beach gives way to an almost primeval landscape of volcanic rubble.

Activities: Hiking 0.4 mi. Snorkelling & Kayak.

Difficulty: Easy/Moderate

Type of Landing: Wet landing

Highlights & Animals: Walk along the shore visiting a small colony of Galapagos Sea Lions. Penguins. Snorkel: Penguins, Reef sharks, Parrotfish, Puffers.

Santa Cruz – Cerro Dragon or Dragon Hill After a dry landing, the walk will take you along the edge of a salt water lagoon behind the beach where you can often see Flamingos, Pintail Ducks, Common Stilts and other bird species. A short walk inland, offers a great view of the bay and a nesting site for Land Iguanas, many of which were repatriated back to Cerro Dragon by the Charles Darwin Research Station, after their near-extinction due to feral dogs and cats.

Activities: Hiking 1.5 mi. Snorkelling

Difficulty: Moderate

Type of Landing: Dry landing

Highlights & Animals: Coastal lagoon with variety of water birds: Herons, Stilts, Pintail Ducks, Oystercatchers, Flamingos. Giant Cactus, Land Iguanas, Darwin Finches, Mockingbirds. Snorkel: Parrotfish, Puffers, Snappers, Sea Turtles.

Day 8

Santa Cruz - Black Turtle Cove (Caleta Tortuga Negra) A beautiful mangrove lagoon on the north shore of Santa Cruz Island. The yacht anchors just outside the cove and you will enter on a dinghy, paddling through the calm waters of the lagoon, which is a resting site for Green Sea Turtles. A wonderfully quiet journey, through a beautiful and unique habitat. With good luck as well as Marine Turtles you will see different types of Sharks and schools of Golden and Eagle Rays swimming just below the surface, whilst Yellow Warblers singing from above.

Activities: Boat tour in a lagoon, wildlife observation.

Difficulty: Easy

Type of Landing: No landing

Highlights & Animals: Lagoon surrounded by mangroves. Sharks, Rays, Sea Turtles, Pelicans and Blue-footed boobies

After this final visit, you will be transferred to Baltra's airport for your flight back to the mainland, or you could continue your Galapagos adventure with a stay in one of the inhabited islands.

Please note: *Itineraries are unlikely to change significantly but are subject to change. Weather, wildlife breeding, instructions from the Galapagos National Park, specific abilities and interests of passengers as well as operational matters may cause your guide or captain to change the times or nature of your visits. Your guide will always endeavour to have the best itinerary for you within these constraints.*
