

Ocean Spray – A 6 Days

The new Mega-Catamaran Ocean Spray is one of the newest in Galapagos and offers some of the best performance and comfort in Galapagos Cruising. The elegant design includes a huge sundeck, jacuzzi and spacious cabins each with private balcony. Her speed, comfort, top guides and itinerary will make Ocean Spray a great option for a luxury cruise in Galapagos. The company that owns and operates the Ocean Spray (the sister yacht of the Cormorant) has a great reputation for excellent service and work with very good naturalist guides. This 6-day itinerary visits the pristine western islands with their abundant sea life, including penguins, marine iguanas, whales and dolphins, beautiful landscapes as well great birdlife.

Day 1 **Baltra** Arrival at the airport in Galapagos.

Rabida A red sandy beach with Sea Lions and nesting Brown Pelicans, which sometimes affords a rare glimpse of chick feeding. There is a short walk inland which offers great views of the beach and lagoon. Years ago Flamingos were regularly seen at the salty lagoon, but nowadays this is a rare sight. Geologically Rabida is said to have the most diversified volcanic rocks of all the islands. It also provides a great opportunity to snorkel with Sea Lions and has a great diversity of near-shore and pelagic fish.

Activities: Wet landing. Hiking 0.5 mi. Kayak and Snorkelling

Difficulty: Easy

Type of Landing: Wet landing

Highlights & Animals: Red sand beach, coastal lagoon, Galapagos Sea Lions, Seasonal colony of Brown Pelicans, Galapagos Hawk. Snorkel: Sea Lions, Butterflyfish, Parrotfish, Eels.

Day 2

Isabela Measuring over 1800 square miles, and accounting for over half the land surface area in Galapagos, at about 80 miles in length, the seahorse shaped Isabela Island is the largest in the Galapagos. Isabela is formed from six separate volcanoes (Alcedo, Cerro Azul, Darwin, Ecuador, Sierra Negra and Wolf). Being the largest islands, it has many visitor sites, covering a large diversity of ecosystems, from barren lava flows to evergreen lush forests.

Vicente Roca Point Beautiful volcanic scenery, amazing lava intrusions and huge sea cliff make this place one of the most scenic in the Galapagos. Nazca and Blue-footed Boobies sit along the cliffs whilst Flightless Cormorants stay along the shoreline and if you are lucky you will see Penguins in the water. The upwelling of cold water currents have created an abundance of marine life here, making for great snorkelling.

Activities: Dinghy ride, snorkel.

Difficulty: Easy

Type of Landing: No landing

Highlights & Animals: Spectacular landscapes, Sea Turtles, Blue-footed boobies, Nazca boobies, Penguins, Flightless Cormorants. Snorkel: Sea turtles, Penguins, Gorgonians and other invertebrates.

Punta Espinosa Punta Espinosa, is a truly spectacular visitor site and a real highlight for any visitor to the Galapagos. A narrow strip of land extending out from the base of the Fernandina Volcano, it is home to the largest colonies of Marine Iguanas in the Galapagos. You will also have the chance to see Flightless Cormorants here, sea lions, and Galapagos Hawks often perch on the mangrove trees looking for prey. Along the coast, tidal pools provide a perfect environment for invertebrates and shorebirds, such as Oystercatchers, Plovers, Turnstones and Whimbrels.

Activities: Hike of approx (1.2 mi / 2 km). Snorkel.

Difficulty: Moderate

Type of Landing: Dry but sometimes slippery at low tide

Highlights & Animals: Sea Lion colony, Flightless Cormorant, vast numbers of Marine Iguanas, Sea Turtles, Sally-lightfoot Crabs, shorebirds, Herons. Snorkel: Penguins, Marine Iguanas feeding underwater, Cormorants, Sea turtles.

Day 3

Tagus Cove The walk will take you up the slopes of the Darwin Volcano, along the edge of a salt water lagoon to a small hill from which you will see spectacular views of the northern lava fields of Isabela. Most of the fauna will be observed during a dinghy ride along the coast, with dramatic colours and beautiful tuff formations, Blue-footed Boobies, Penguins, Marine Iguanas, Pelicans and shorebirds.

Activities: Long uphill hike, Snorkelling, dinghy ride, Kayak.

Difficulty: Moderate

Type of Landing: Dry landing

Highlights & Animals: Darwin Finches, lowland native vegetation, beautiful landscapes, Penguins, Flightless Cormorants, Blue-footed boobies, Darwin Volcano & Lake

Urbina Bay In 1954, almost 4 miles of coastal seabed dramatically uplifted about 15 ft exposing the sea floor and killing thousands of fish and turtles. This then, vegetation has largely colonized the area but many signs of the uplifting can still be observed. This area is now a nesting site for Land Iguanas and occasionally, giant tortoises coming from the moist uplands. This is a good trail to see Darwin finches and it is not rare to see Galapagos Hawks

Activities: Snorkelling, dinghy ride & hike, 2 trails: short (0.6 mi / 1 km), long (1.9 mi / 3km)

Difficulty: Easy (short trail) / Difficult (long trail)

Type of Landing: Wet landing

Highlights & Animals: Land Iguanas (the biggest in Galapagos), Hawks, uplifted coral reef, Giant Tortoises. Snorkelling: Turtles, Rays, tropical fish

Day 4 Elizabeth Bay Located on the west coast of the Isabela, no landings are permitted here, but it makes for a beautiful dinghy ride. This is one of the best areas to see Galapagos Penguins as they prefer the cooler waters found on western Isabela. Flightless Cormorants and Marine Iguanas are common and often seen basking in the sun on rocks along the shore. As you then enter a narrow cove lined with large Red Mangrove trees, you will see Marine Turtles, Rays and shore birds.

Activities: Two-hour dinghy ride

Difficulty: Easy

Type of Landing: No landing

Highlights & Animals: Mangrove forest, Sea Turtles, Penguins, Rays, Herons, Sea Lions.

Punta Moreno With dramatic seascapes and one of the best sunrise areas in the Galapagos, the visit to this site begins with a dinghy ride along the beautiful rocky shores where shore birds, Penguins, cormorants and herons can be spotted. The barren lava fields host a surprising amount of wildlife due to the presence of many sink holes which are home to Flamingos, Stilts and Pintail Ducks.

Activities: Hike (1.2 mi / 2km) Snorkelling, dinghy ride

Difficulty: Moderate/Difficult

Type of Landing: Dry landing

Highlights & Animals: Flamingos, Gallinules, Pintail ducks, Sea turtles, Reef sharks, Penguins.

Day 5 Santa Cruz - Charles Darwin Research Station The Charles Darwin Research Station offers a great chance to learn about the work being done to conserve and protect the islands wildlife. For some visitors (depending on the time of year) this is the only time to see Giant Tortoises and certainly the closest range opportunity. It is also a great chance to see the Tortoise Rearing Centre.

Activities: Walking

Difficulty: Easy

Type of Landing: Dry landing

Highlights & Animals: Giant Tortoises, Land and Marine Iguanas, Mockingbirds, Darwin Finches.

Santa Cruz – Highlands The highlands of Santa Cruz are home to fascinating geological features, like lava tubes and the twin sinkhole craters of Los Gemelos, which are home to some 300 different fern species as well as a forest of Scalesias, a relative of sunflowers. This is an excellent area to look for some elusive endemics like the Woodpecker Finch (one of only a few bird species in the world to use tools), Small Tree Finch, Vegetarian Finch and Galapagos Rail. The highlands of Santa Cruz are one of the best places to see Giant Tortoises in the wild.

Activities: Hike (0.9 mi / 1 ½ km)

Difficulty: Easy /moderate

Type of Landing:

Highlights & Animals: Pitt craters, Scalesia Forest, Darwin finches, Warblers, Flycatchers.

Day 6 North Seymour A great variety of Galapagos wildlife is provided in the loop trail on this small island. The highlight of your visit here will be the largest colony of Magnificent and Great Frigatebirds in the Galapagos as well as a colony of Blue-footed Boobies. In addition there are Sea lions, Marine Iguanas, Lava Lizards, Swallow-Tailed Gulls, and a few secretive, but very large Land Iguanas.

Activities: Hiking(1.5 mi/2.2 km), Snorkelling & dinghy ride

Difficulty: Moderate/difficult

Type of Landing: Dry landing

Highlights & Animals: Land & Marine Iguanas, Frigatebirds, Blue-footed Boobies, Sea Lions, sea birds. Snorkelling: Rays, Reef Shark, fish, Garden Eels

After this final visit, you will be transferred to San Cristobal airport for your flight back to the mainland, or you could continue your Galapagos adventure with a stay in one of the inhabited islands.

Please note: *Itineraries are unlikely to change significantly but are subject to change. Weather, wildlife breeding, instructions from the Galapagos National Park, specific abilities and interests of passengers as well as operational matters may cause your guide or captain to change the times or nature of your visits. Your guide will always endeavour to have the best itinerary for you within these constraints.*
