

Ocean Spray – B 6 Days

One of only a small handful of yachts offering true 5 star facilities in Galapagos, the 'Mega-Catamaran' Ocean Spray is one of the newest vessels in Galapagos and offers some of the best performance and comfort in Galapagos Cruising. The elegant design includes a huge sundeck, jacuzzi and spacious cabins each with private balcony. The company that owns and operates the Ocean Spray (the sister yacht of the Cormorant) has a great reputation for excellent service and works with very good naturalist guides. Service on board is excellent, with an administrator on board to ensure the smooth running of operations. Taking you to the Central, Southern and Eastern part of the archipelago, this itinerary has an excellent mix of islands allowing you to see a wide selection of Galapagos wildlife, with superb snorkelling opportunities especially with sealions and includes a visit to the beautiful island of Espanola.

Espanola is home to thousands of nesting seabirds all year, including Blue-footed Boobies, Nazca Boobies and Frigatebirds. Between late March and December the Waved Albatross, perhaps the most spectacular of Galapagos birds, returns to Espanola by the thousands to perform their amazing mating dance and produce the next generation. Almost the entire population breeds on this island during this time, and they spend the rest of the year at sea.
