

Ocean Spray 6 Days A

A beautiful catamaran for up to 16 guests offering true 5 star facilities. The elegant design includes a huge sundeck, Jacuzzi and spacious cabins each with private balcony. The company that owns and operates the Ocean Spray has a great reputation for excellent service and works with very good naturalist guides. Service on board is excellent, with an administrator on board to ensure the smooth running of operations. This itinerary is excellent – combining the pristine western islands with their abundant sea life, including penguins, marine iguanas, whales and dolphins, beautiful landscapes as well as the central islands offering a great mix of wildlife and scenery!

Day 1

Baltra

Arrival at the airport in Galapagos.

Chinese Hat or Sombrero Chino

Located just off the southeast tip of James Island, this island owes its name to its shape. A truly beautiful island, surrounded by crystal clear waters, this is great location for Sea Lions. Perhaps more than any other site, this islet gives you a sense of Galapagos volcanic origins as the beautiful white beach gives way to an almost primeval landscape of volcanic rubble.

Activities: Hiking 0.4 mi. Snorkelling.

Difficulty: Easy/Moderate

Type of Landing: Wet landing

Highlights & Animals: Walk along the shore visiting a small colony of Galapagos Sea Lions. Penguins. Snorkel: Penguins, Reef sharks, Parrotfish, Puffers.

Day 2

Isabela

Measuring over 1800 square miles, and accounting for over half the land surface area in Galapagos, at about 80 miles in length, the seahorse shaped Isabela Island is the largest in the Galapagos. Isabela is formed from six separate volcanoes (Alcedo, Cerro Azul, Darwin, Ecuador, Sierra Negra and Wolf). Being the largest island, it has many visitor sites, covering a large diversity of ecosystems, from barren lava flows to evergreen lush forests.

Vicente Roca Point Beautiful volcanic scenery, amazing lava intrusions and huge sea cliff make this place one of the most scenic in the Galapagos. Nazca and Blue-footed Boobies sit along the cliffs whilst Flightless Cormorants stay along the shoreline and if you are lucky you will see penguins in the water. The upwelling of cold water currents has created an abundance of marine life here, making for great snorkelling.

Activities: Dinghy ride, snorkelling.

Difficulty: Easy

Type of Landing: No landing

Highlights & Animals: Spectacular landscapes, Sea Turtles, Blue-footed Boobies, Nazca Boobies, Penguins, Flightless Cormorants. Snorkel: Sea turtles, Penguins, Gorgonians and other invertebrates.

Fernandina - Punta Espinosa Punta Espinosa, is a truly spectacular visitor site and a real highlight for any visitor to the Galapagos. A narrow strip of land extending out from the base of the Fernandina Volcano, it is home to the largest colonies of Marine Iguanas in the Galapagos. You will also have the chance to see Flightless Cormorants here, sea lions, and Galapagos Hawks often perch on the mangrove trees looking for prey. Along the coast, tidal pools provide a perfect environment for invertebrates and shorebirds, such as Oystercatchers, Plovers, Turnstones and Whimbrels.

Activities: Hike of approx (1 mi / 1.6 km). Snorkel.

Difficulty: Moderate

Type of Landing: Dry but sometimes slippery at low tide

Highlights & Animals: Sea Lion colony, Flightless Cormorant, vast numbers of Marine Iguanas, Sea Turtles, Sally Lightfoot Crabs, shorebirds, Herons. Snorkel: Penguins, Marine Iguanas feeding underwater, Cormorants, Sea turtles.

Day 3

Tagus Cove The walk will take you up the slopes of the Darwin Volcano, along the edge of a salt water lagoon to a small hill from which you will see spectacular views of the northern lava fields of Isabela. Most of the fauna will be observed during a dinghy ride along the coast, with dramatic colours and beautiful tuff formations, Blue-footed Boobies, Penguins, Marine Iguanas, Pelicans and shorebirds.

Activities: Long uphill hike (1.1mi / 1.8km), Snorkelling, dinghy ride, Kayaking.

Difficulty: Moderate

Type of Landing: Dry landing

Highlights & Animals: Darwin Finches, lowland native vegetation, beautiful landscapes, Penguins, Flightless Cormorants, Blue-footed Boobies, Darwin Volcano & Lake

Urbina Bay In 1954, almost 4 miles of coastal seabed dramatically uplifted about 15 ft exposing the sea floor and killing thousands of fish and turtles. Since then, vegetation has largely colonized the area but many signs of the uplift can still be observed. This area is now a nesting site for Land Iguanas and occasionally, giant tortoises coming from the moist uplands. This is a good trail to see Darwin finches and it is not rare to see Galapagos Hawks

Activities: Snorkelling, dinghy ride & hike, 2 trails: short (0.6 mi / 1 km), long (1.9 mi / 3km)

Difficulty: Easy (short trail) / Difficult (long trail)

Type of Landing: Wet landing

Highlights & Animals: Land Iguanas (the biggest in Galapagos), Hawks, uplifted coral reef, Giant Tortoises. Snorkelling: Turtles, Rays, tropical fish

Day 4 Elizabeth Bay Located on the west coast of the Isabela, no landings are permitted here, but it makes for a beautiful dinghy ride. This is one of the best areas to see Galapagos Penguins as they prefer the cooler waters found on western Isabela. Flightless Cormorants and Marine Iguanas are common and often seen basking in the sun on rocks along the shore. As you then enter a narrow cove lined with large Red Mangrove trees, you will see Marine Turtles, Rays and shore birds.

Activities: Two-hour dinghy ride

Difficulty: Easy

Type of Landing: No landing

Highlights & Animals: Mangrove forest, Sea Turtles, Penguins, Rays, Herons, Sea Lions.

Punta Moreno With dramatic seascapes and one of the best sunrise areas in the Galapagos, the visit to this site begins with a dinghy ride along the beautiful rocky shores where shore birds, penguins, cormorants and herons can be spotted. The barren lava fields host a surprising amount of wildlife due to the presence of many sink holes with are home to Flamingos, Stilts and Pintail Ducks.

Activities: Hike (1.3 mi / 2.1km) Snorkelling, dinghy ride

Difficulty: Moderate/Difficult

Type of Landing: Dry landing

Highlights & Animals: Flamingos, Gallinules, Pintail ducks, Sea turtles, Reef sharks, Penguins.

Day 5

Santa Cruz - Charles Darwin Research Station The Charles Darwin Research Station offers a great chance to learn about the work being done to conserve and protect the islands wildlife. For some visitors (depending on the time of year) this is the only time to see Giant Tortoises and certainly the closest range opportunity. It is also a great chance to see the Tortoise Rearing Centre.

Activities: Walking (1.2mi / 2 km)

Difficulty: Easy

Type of Landing: Dry landing

Highlights & Animals: Giant Tortoises, Land and Marine Iguanas, Mockingbirds, Darwin Finches.

Santa Cruz – Highlands The highlands of Santa Cruz are home to fascinating geological features, like lava tubes and the twin sinkhole craters of Los Gemelos, which are home to some 300 different fern species as well as a forest of Scalesias, a relative of sunflowers. This is an excellent area to look for some elusive endemics like the Woodpecker Finch (one of only a few bird species in the world to use tools), Small Tree Finch, Vegetarian Finch and Galapagos Rail. The highlands of Santa Cruz are one of the best places to see Giant Tortoises in the wild.

Activities: Hike (0.9 mi / 1 ½ km)

Difficulty: Easy /moderate

Type of Landing:

Highlights & Animals: Pit craters, Scalesia Forest, Darwin finches, Warblers, Flycatchers.

Day 6 South Plaza This is the best island for observing Land Iguanas, along with Cactus Finches, Tropicbirds and Sea Lions.

One of your first stops will be through a small “forest” of Prickly Pear Cactus. The walk along the sea cliffs is a wonderful experience, with Galapagos Shearwaters and Red-billed Tropicbirds gliding by. Towards the end of the walk is a bachelor Sea Lion colony, with a battle-scarred collection of old bulls in various states of recuperation or total retirement!

Activities: Hike (0.8 mi / 1.2 km)

Difficulty: Moderate

Type of Landing: Dry landing

Highlights & Animals: Land Iguanas, Sea Lion colony, Galapagos Shearwaters, Swallow-tailed Gulls, Nazca Boobies, amazing landscape with cliffs

After this final visit, you will be transferred to Baltra airport for your flight back to the mainland, or you could continue your Galapagos adventure with a stay in one of the inhabited islands in Galapagos for a night or two...

"All the flights and flight-inclusive holidays in this document are financially protected by the ATOL scheme. When you pay you will be supplied with an ATOL Certificate. Please ask for it and check to ensure that everything you booked (flights, hotels and other services) is listed on it.
